

# ANTI-SMOG DROPS..

SOOTHING AND REFRESHING EYE DROPS

10 ml

**Composition:** Chamomile water 10%, Euphrasy water 10%, Cornflower water 10%, Witch-hazel water 10%, dibasic sodium phosphate; monobasic sodium phosphate; sodium chloride; sodium edetate; benzalkonium chloride; water for injections.

**Information about the product:**

Anti-Smog Drops is a medical device, sterile, ophthalmic solution. This is a specially formulated recipe containing soothing and refreshing components. It soothes eye irritation caused by the environmental factors like smog, vehicle emissions, air pollution and others.

**How is it presented?**

Anti-Smog Drops is presented as an eye drops solution in a bottle of 10 ml.

**When should it be used?**

Device components soothe and prevent the irritation, reduce eye itching and eye redness. By integrating with the hydro-lipid film they moisturize and protect the eye surface from the external agents.

**How much to use?**

Put one drop in the eye(s) one or more times daily, according to necessity.

**Precautions and warnings**

- The product is for external ophthalmic use only.
- Do not use if the container is damaged.
- Do not use in case of known incompatibility to any of the ingredients of the preparation.
- Do not use after the expiry date shown on the pack.
- Do not touch the eye with the tip of the container.
- Leave at least 10-15 minutes before administration of any other ophthalmic drugs.
- Once opened the bottle the product can be used within 30 days.
- Keep out of the sight and reach of children.
- Don't use whilst wearing or just before inserting contact lenses.
- Store below 25°C.
- Do not swallow.
